SITE PLAN

FORT MILL SOUTH CAROLINA

Fort Mill takes its name from a colonial-era fort built by the British and a grist mill on nearby Steele Creek. The area has a rich history, with the Catawba Indians making their home here for many years before Scotch-Irish settlers began arriving in the 1750s and 1760s, creating a small settlement. Fort Mill grew rapidly in the late 1800s as textile mills were established, and the population continued to rapidly increase as its economy became larger and more diversified. Today, Fort Mill is a bustling community and suburb of the City of Charlotte, NC.
